

ATMO 697: Seminar in Atmospheric Sciences

Professor: Dr. Nathaniel Brunsell
417 Lindley Hall
Phone: 864-2021
Email: brunsell@ku.edu

Class time and Place: M 4:00-5:15, LINDLEY HALL 405

Office Hours: M 3 – 4 PM or by appointment

Requirements: Develop and present a 45-minute seminar of your choice related to atmospheric science. You must also prepare a 1-page summary of the topic you plan to present that includes the title, a 1-paragraph abstract of the presentation and a list of at least 5 peer-reviewed references you will use to prepare your talk. You may e-mail your summary to me along with a request for a presentation date. This summary is due by **Noon, Friday September 5**, and we will meet **Monday September 8** to assign seminar dates.

Attendance is mandatory for all seminars presented during the semester and questions directed to the speakers are strongly encouraged. For full credit in the class participation component of the grade, you must attend all seminars and pose **at least one question to two different presenters** during the semester.

Grading:	Seminar summary/abstract	20%
	Seminar presentation	60%
	Class participation	20%
