A \$100 nonrefundable deposit is required with each enrollment. The deposit is applied toward the student's total tuition bill. A \$100 refundable key deposit is required at the time of registration on the first day of camp. For your convenience, we recommend paying this deposit in cash or as a separate check as most deposits are returned when the key is safely returned to the dorm staff.

You may pay a portion of the registration fee, or the full amount, at any date prior to registration. However, the full balance must be paid on that day. University regulations prevent us from accepting credit cards as payment. We are also not equipped to make change on registration day. Students should bring cash, traveler's checks in the right denominations, a money order or two separate personal checks (one for the key deposit and one for tuition). Your ability to help us in this regard will make registration a much easier process.
