

AAG Participation by Faculty and Graduate Students, 2005

Faculty

- Chris Brown. Paper presenter. "Modern Agriculture on Tropical Frontiers: Rethinking Methods for Land Change Research."
- Nathaniel Brunsell. Paper presentation. "Quantifying the Dominant Time Scales of Land-surface Precipitation Feedbacks."
- Jerome Dobson. Panelist. "GIS and Society Perspectives on Digital Earth."
- Stephen Egbert. Paper presentation. "Evaluating a Field Tool for Creating Spatial Databases of Minefields."
- Johannes Feddema. Paper presenter. "Assessing the Impacts of Land Cover Change on Global Climate."
- Xingong Li. Paper presentation. "Creating Buffers on Surfaces."
- Garth Myers. Paper presentation. "Postmetropolis or Disposable City? Six Discourses of Lusaka, 1964-2004."
- Garth Myers, Discussant. "Organizing Waste: A Collective, Technological and Cultural Matter."
- Shannon O'Lear. Paper presentation. "Public Perception of Oil, Natural Resources, and Political Activity in Azerbaijan."
- Shannon O'Lear. Organizer and chair. "Energy, Development and Society."
- Shannon O'Lear. Discussant. "Military Geography Specialty Group Plenary Lecture."
- Shannon O'Lear. Political Geography Specialty Group Business Meeting, secretary/treasurer.
- Shannon O'Lear. Organizer Political Geography Current Topics Roundtable. "The 2004 Elections as 'Culture War.'"
- Kevin Price. Paper presenter. "Utilizing Remotely Sensed Data and Spectral Mising Models for Identifying Red Cedar Stands and Estimating Its Cover."
- Barbara Shortridge. Paper presentation. "Ramps and Soup Beans: Appalachian Foods."
- Barbara Shortridge. Organizer and chair. Food and Culture I and II
- Terry Slocum. Paper presenter. "The GeoWall and its Potential for Geographic Education."
- Valery Terwilliger. Paper presentation. "Calibrating Carbon and Nitrogen Stable Isotopic Compositions of Soil Organic Matter to Reconstruct Past Environments in Ethiopia."
- Donna Tucker. Paper presentation. "Thunderstorm Generation in the Rocky Mountains: A Case Study."
- Donna Tucker. Chair of session. "Mountain Environments and Processes."
- William Woods. Paper presentation. "The Built Environment of a Medieval Outer Bailey (Walhain, Belgium)."
- William Woods. Symposium co-organizer. "Geoarchaeology and Geomorphology IV: Soils, Sediments, and North America."

Graduate students

- John Bauer. Paper presentation. "Mapping Religious Regions in the United States."
- Drew Bednasek. Paper presentation. "British Colonial Geographies of Africa during the Interwar Years."
- Jared Beeton. Poster session. "Post-Pinedale Glacial and Periglacial Deposits of the Snow Lake and Nokhu Cirques, Never Summer Mountains, Colorado."
- Mark Bowen. Paper presenter. "Short-Term Water Quality in a Karst Spring, Southwest Missouri."
- Josh Campbell. Paper presenter. "Archaeological Predictive Model for the High Plains of Southwest Kansas."
- Ben Coles. Paper presenter. "(Re)placing Coffee and Its Commodity Chains."
- Geoffrey Folker. Paper presentation. "Assessing a Multitemporal and Multiscale Remote Sensing Approach for Characterizing Rangeland Condition on the Central Great Plains."
- Angela Gray. Paper presentation. "Political Ecology of Refugee Hosting in Zambia."
- Lucius Hallett. Paper presentation. "The Geography of Food Networks: Modernity and the Construction of Meaning."
- Mark Hummer. Paper presentation. "The Liturgical Orientation of Churches and Graveyards in Nineteenth Century Southwestern Ontario."
- John Kostelnick. Paper presentation. "A New Set of Map Symbols for Landmine Hazards and Humanitarian Demining."
- Ryan Lash. Paper presentation. "Spatiotemporal Context of Ebola and Marburg Hemorrhagic Fever Outbreaks in Africa."
- Josh Long. Paper presentation. "Corporate, Campus, and Counterculture: An Ethnographic Examination of Place Attachment and Culture in the Present-day American Coffeehouse."
- Chris Post. Paper presentation. "Company Town Culture: Sunflower Village, Kansas, from 1943-1959."
- Scott Pusich. Paper presentation. "Deconstructing the Territorial State: The Case of the Former Yugoslavia."
- Ratna Radhakrishna. Paper presentation. "Place-based Identities and Gendered Livelihood Struggles in the Rio Plátano Biosphere Reserve, Honduras: Complex Realities of the Local-Global Encounter."
- Matt Ramspott. Paper presentation. "Remote Sensing Methods for Grassland Characterization and Inventory in Northeast Kansas."
- R. J. Rowley. Paper presentation. "Rangeland Remote Sensing and the Rancher: Linking Rancher Perception of Drought and Remote Sensing."
- Sarah Smiley. Paper presentation. "Teaching Urban Geography through African Novels."
- Jon Thayn. Paper presentation. "Using Remotely Sensed Data and Rangeland Biocomplexity Metrics to Understand Cattle Population Dynamics in 17 Western U. S. States."
- Henry Way. Paper presentation. "The Tory Geography of the American Revolution."
- Jason Woods. Paper presentation. "Writings from Abroad: An Examination of Three Popular Travel Guides."
