Dear President Hemenway:

The Commission on Accreditation of Athletic Training Education (CAATE) recently revised their policy regarding the maximum number of years of continuing accreditation that can be awarded a currently accredited program. The Athletic Training Education program at the University of Kansas completed a comprehensive review during the Fall 2007 semester and was awarded 7 years of continuing accreditation during the CAATE's February 2008 meeting. With the revision to our policy, the CAATE is amending the accreditation award previously granted and awarding the University of Kansas Athletic Training Education program 10 years accreditation.

As a result of this amended award, your Athletic Training Education Program's next comprehensive review, including a self-study and on-site review, is scheduled to occur during the **2017-2018** academic year.

The Commission on Accreditation of Athletic Training Education commends the University of Kansas for your commitment to the advancement of quality education in Athletic Training, as well as your dedication to the preparation of highly qualified Athletic Training professionals.

Sincerely,

Greg Gardner, EdD, ATC  
President, CAATE
