Won S. Choi, PhD, MPH  
Executive Director  
University of Kansas School of Medicine  
KU-MPH Program  
Departments of Preventive Medicine and Public Health  
3901 Rainbow Boulevard, Mail-Stop 1008  
Kansas City, KS 66160

Dear Dr. Choi:

Thank you for submitting the additional information requested by the Council. The CEPH Board of Councilors met on September 19-21, 2013, at which time we reviewed your letter. We appreciate your clarification on revisions to the program's evaluation processes.

Based on this review, the Council determined that the program has successfully documented compliance with Criterion 1.2 (Evaluation).

In order to maintain accreditation, the program's next scheduled review must take place with a site visit before July 1, 2018. We look forward to this upcoming review.

Sincerely,

Stephen W. Wyatt, DMD, MPH  
President
