October 28, 2009

Barbara F. Atkinson, MD
Executive Vice Chancellor
University of Kansas Medical Center
2032 Murphy Administration Building, Mall Stop 2032
Kansas City, KS 66160

Dear Dr. Atkinson:

Based on its review of the information submitted and on the report of the site visitor, the Joint Review Committee on Educational Programs in Nuclear Medicine Technology (JRCNMT) has determined that the nuclear medicine technology program sponsored by University of Kansas Medical Center be awarded:

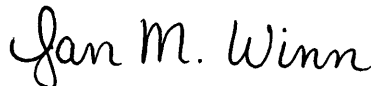

Continued Accreditation for 7 Years

This award is effective as of October 23, 2009 therefore the Review Committee plans to schedule the next on-site evaluation in 2016. This award is made on the condition that the number of students enrolled in the clinical phase of the program shall not exceed 6.

Notification of this decision will be forwarded to the United States Department of Education and the institution's accrediting agency. The information will also be made available to the public through the JRCNMT website

During the site visit we reviewed the outcomes for graduates of the nuclear medicine technology program. We are pleased to note that these are consistent with the mission of the institution and the program. The JRCNMT extends best wishes to you and your colleagues for continued success and further development of this program.

Sincerely,

Jan M. Winn, M.Ed., RT(N), CNMT
Executive Director
