

CO-1. Graduates of the program meet the expected student outcomes of the program, including those related to the program's unique mission.

Evidence of compliance:

- Analyze the extent to which the graduates meet the program's expected student outcomes

Outcome	Met	Most recent data	Cohort	Time of collection
General				
90% of students will matriculate through the program	Yes	94.4 % matriculated (34/36)	Class 2008	May 2008
100% of students will pass the annual comprehensive examinations.	Yes	100% passed each annual comprehensive exam	Class 2008	December 2007
95% of students taking the exam will pass the national licensing examination and achieve licensure.	Yes	100% passed the licensing exam and achieved licensure	Class 2008	November 2008
Professional Practice				
Safety				
100% of students will meet safety criteria in 100% of courses with practical examinations.	Yes	100% of students met safety criteria in 100% of courses with practical exams.	Class 2008	May 2008 (Class of 2008)
100% of students will achieve entry-level performance on CPI 1 by demonstrating safe practice during internships.	Yes	100% achieved entry-level performance on CPI 1	Class 2008	May 2008 (Class of 2008)
Social Responsibility				
Every class will have representation in the leadership of the KPTA Student Special Interest Group.	Yes	Members in the leadership group include 4 students from Class 2009 and 1 from Class 2010.	Class 2009, 2010	November 2008
95% of students will demonstrate community volunteerism as documented in resumes included in advising publications.	Yes	100% have volunteered in the community in some capacity	Classes 2008, 2009, 2010	November 2008
Ethical Behavior				
100% of students will achieve entry-level performance on CPI 4 by demonstrating ethical practice standards during internships.	Yes	100% achieved entry-level performance on CPI 4	Class 2008	May 2008
Communication				
100% of students will meet entry-level performance on CPI 6 by demonstrating appropriate communication.	Yes	100% achieved entry-level performance on CPI 6	Class 2008	May 2008
Cultural Competence				

Outcome	Met	Most recent data	Cohort	Time of collection
90% of students will have a clinical experience in a rural or underserved community	Yes	97% (Class of 2008) had a clinical experience in a rural or underserved practice setting	Class 2008	May 2008
100% of students will achieve entry-level performance on CPI 8 by demonstrating the ability to adapt the delivery of care to be respectful and sensitive to individual differences	Yes	100% achieved entry-level performance on CPI 8	Class 2008	May 2008
Professional Development/Continued Competence				
90% of students will attend a state and/or national professional meeting as documented in resumes included in advising publications.	Yes	100% of students attended the Combined Sections Meeting in February 2007	Class 2008	February 2007
100% of students will provide education on a clinical internship as documented in Clinical Education forms.	Yes	100% of students gave an inservice.	Class 2008	May 2008
100% of students will complete clinical reflections through clinical goals assessments, peer discussion boards, and/or clinical debriefings.	Yes	100% of students completed clinical reflections	Class 2008	May 2008
Professional Behavior/Advocacy for the Profession				
100% of students will achieve entry-level performance on CPI 3, demonstrating professional behavior in interactions with others during internships.	Yes	100% achieved entry-level performance on CPI 3	Class 2008	May 2008
KUMC students will be represented at the Kansas Physical Therapy Association annual legislative day 100% of the time.	Yes	Each class was represented	Class 2008, 2009, 2010	January 2008
Patient management				
Contemporary Practice				
100% of students will successfully complete a clinical internship in the acute, orthopedic, and rural or geriatric setting	Yes	100% of students completed internships in these areas	Class 2008	May 2008
100% will complete internships that provide services to clients across the lifespan.	Yes	100% of students completed internships with clients across the lifespan	Class 2008	May 2008
Autonomous Practice				
100% of students will be successful in practical examinations that are structured to represent autonomous practice.	Yes	100% of students passed these exams	Class 2008	December 2007

Outcome	Met	Most recent data	Cohort	Time of collection
100% of students will successfully complete a differential screening of a general medical condition.	Yes	100% of students successfully completed these screenings	Class 2008	December 2005
Entry-level Competency				
100% of students will achieve entry-level practice assessments on the CPI during the final semester internships.	Yes	100% of students achieved entry-level practice on the CPI	Class 2008	May 2008
Evidence-Based Practice				
100% of students will model evidence-based practice during a clinical internship in fulfillment of a requirement in PTRS 840, Clinical Education V.	Yes	100% of students completed this requirement	Class 2008	September 2007
100% of students will present their research projects to faculty and peers, in fulfillment of the final research practicum requirements	Yes	100% of students presented their research projects	Class 2008	November 2007

CO-2. Graduates of the program meet the health care needs of patients/clients and society through ethical behavior, continued competence, and advocacy for the profession.

- If these expectations are part of the program's expected student outcome, the only response needed is to refer the reader to CO-1

Narrative: These expectations are part of the program's expected student outcome. Refer to CO-1.

CO-3. When averaged over 3 years, 80% or more of all graduates pass the licensure exam.

- Lowering information for the most recent three cohorts of graduates, based on data provided by the Federation of State Boards of Physical Therapy:
 - Number of graduates per cohort who took the examination at least once
 - Number of graduates per cohort who passed the exam after all attempts
 - Pass rate per cohort based on the numbers above
 - 3-year pass rate based on the total number of graduates who took the exam at least once and the total number of graduates who ultimately passed the exam

	DPT Class of 2008	DPT Class of 2007	MPT Class of 2005
Number of graduates who took the exam at least once	34	37	37
Number of graduates who passed after all attempts	34	37	36
Pass rate	100%	100%	97.3%
3-year pass rate	99.1%		

CO-4. Graduation rates and employment rates are consistent with the program mission, goals, and expected student outcomes.

- For the last cohort that the program has a full year of data and the two previous cohorts, provide a table that shows, to the best of the program's ability, the number of graduates, the number of graduates who sought employment within six months of achieving licensure and the number of graduates who were employed within six months of achieving licensure. Include the 1-year and 3-year employment rate for these cohorts based on this data.

	MPT	DPT	DPT
Graduation	May 2005	May 2007	May 2008
Number graduating	37	37	34
Number who sought employment within 6 months of achieving licensure	34/37 92%	37/37 100%	33/34 97%
Number employed within 6 months of achieving licensure	22/22 100%	37/37 100%	33/34 97%
Three year rate of employment	99%		

- Provide an analysis of the extent to which the graduate rates and employment rates are consistent with the program mission, goals, and expected student outcomes.

With a graduation rate and an employment rate that are more than 95%, these rates exceed our expected student outcomes and are consistent with the program mission and goals.
