

## **•KSPA Inclement Weather Policy•**

•If the contest site does not cancel school then the contest will be held for the schools in attendance.

•At least four schools must be in attendance on-site for a valid contest.

•In the event that a site closes, the policy states that the contest prompts will be sent to the schools where an assigned proctor will administer them. The schools will be required to complete this process in a timely manner and meet mail deadlines for their students' contests to be evaluated.

•On-line contests are not feasible at this point. This issue will frequently be re-evaluated by the KSPA Executive Board. The ultimate decision on this will be made only with the approval of a majority of the contest directors.
