

# Staying Safe At KU

## **The number one crime on campus is theft.**

Here are a few tips that will help you avoid becoming a victim of theft:

- ☛ Do not leave items unattended. Backpacks and books left on a table are an easy target.
- ☛ Always lock your doors, many thefts happen in the residence halls every year when the resident left their door unlocked while visiting with another resident.
- ☛ Lock your vehicle doors and put all valuables out of view. If your vehicles stereo has a detachable face, remove the faceplate.
- ☛ Record all of your items serial numbers or engrave your items with a number you will remember. Engravers are available to check out at the KU Public Safety Office's front desk.
- ☛ Lock your bicycle by placing a good quality U-lock through the frame and at least one wheel.
- ☛ Do not carry anything attached to your key ring that indicates where you live. If your keys are lost or stolen they would know where the keys fit.
