

## **Environmental Studies Ruben Zadigan Research Scholarships**

The Environmental Studies Program is establishing a new Research Scholarship for students who have an interest in participating in research activities. We want to encourage students to pursue this interest, in collaboration with a faculty mentor, and offer funds to support this pursuit.

All Environmental Studies Program majors are eligible for the scholarship. Selection is competitive in that not all applications will be chosen for funding when the number of qualified applications exceeds the available funds. Selection criteria include the quality of the proposal, the environmental relevance of the proposed research, and the strength of the collaboration with the faculty mentor. The amount of the award is determined by the proposed research activity, as described below:

1. Environmental Studies honor students enrolled in EVRN 624 (Independent Study) or EVRN 625 are eligible for \$1200 in funding.
2. Environmental Studies students enrolled in EVRN 624 (Independent Study) are eligible for \$1000 in funding.
3. Environmental Studies students not enrolled in EVRN 624 are eligible for \$800 in funding.

Please print out and complete this form. Sign and return the form, along with the requested attachments, to the following address. The application deadline is April 1, 2009. In this initial year of the program, we are willing to consider proposals submitted at other times of the year, if funds remain available. Funds are issued in the form of a scholarship; consequently, students must be actively enrolled at the University of Kansas in order to receive the scholarship.

University of Kansas  
Environmental Studies Program  
252 Snow Hall  
1460 Jayhawk Boulevard  
Lawrence, KS 66045

If you have any questions about this application, please contact Kim Le in the Environmental Studies program (864-8902, [envstudies@mail.ku.edu](mailto:envstudies@mail.ku.edu)).
